## Solve your Math Testing Problems

**“What you see is what I Know.”**

*With iKnow, you see exactly what each student knows... and doesn't know.*

- ✓ **Teacher Friendly**  
The information you need, with the ease and convenience you want.
- ✓ **Student Generated Answers**  
Not multiple choice.
- ✓ **Brief Tests**  
About 20 minutes per test on average.
- ✓ **Easy to Administer**  
No setup, no grading, no headaches – just easy testing whenever you want it.
- ✓ **Random Selection of Items**  
Students see different items on every test, so repetition is not an issue.
- ✓ **Unlimited Administrations**  
Test as often as you want with a fixed price per school.
- ✓ **Highly Reliable**  
(Reliability coefficient = 90%) so you can be confident of the results.
- ✓ **Standards Aligned**  
All content is aligned to the CCSS and/or your state standards.
- ✓ **Actionable Data**  
Makes it easy to plan your instruction and/or intervention for a class or single students.

### Use it for:

- **Universal Screening**
- **Progress Monitoring**
- **Benchmarks**
- **Descriptive Diagnostics**

**Any grade level, Elementary, Middle and High School.**
